Break Time

We would like to inform you about the upcoming changes to break time at ILTI. Our main objective is to provide high-quality education, and reducing break time will help us maximize teaching and learning time. This means that students will be able to cover more course material during their tuition sessions.

Moreover, a shorter break time can help students maintain better focus during classes, leading to improved retention of the material covered. Teachers will also have more opportunities to address individual student questions and concerns, ensuring a more personalized learning experience.

We understand that some students may have concerns about this change. However, we believe that it will ultimately enhance their learning experience. Our team is always available to address any questions or concerns you may have about this adjustment.

We value your feedback and input and encourage you to reach out to us if you have any questions or concerns. Thank you for your continued support as we strive to provide the best educational environment for your child.
