

LOWER KET

Lower KET - Key English Test

What's up! I am Chow Qian Yu and currently pursuing Lower KET level. It is also known as A2 Key level course which is designed to help students master the four fundamental language skills before preparing them for the level test. A2 Key is also an appropriate choice for older children like me to begin studying English because it is the first level qualification in Cambridge Assessment English, directly after the Cambridge English Qualifications created for young learners. I am able to understand and utilise basic words and expressions, grasp simple written English, identify myself and answer basic inquiries about myself, and engage with English speakers on a basic level.
