Lower PET - Preliminary English Test

Hey! I am Shezhiya Letchumanan and I'm in Lower PET level. This level is also known as B1 Preliminary level course. It is designed to provide learners with all of the language skills and strategies required to excel in the test at this level.

Furthermore, the training prepares me for Malaysian national public examinations such as 'Pentaksiran Tingkatan 3' (PT3). B1 Preliminary is used to test learners' understanding of the fundamentals of English and to ensure that I have practical English skills for everyday use.
