

PRE STARTERS

Hi! I am Gareth Chooi Yu Feng and I'm a Pre-Starter. Pre-starters' course is intended for young children like me who are beginning their journey to learn the English language. I will learn how to comprehend English-language information on the internet, in books, songs, television shows, and movies. Additionally, as I learn and use the language every day, I will make a lot of friends. True enough, I have many friends at iLTI!
